

Don's Wish

Don is an 11 year old boy, who's one true wish was to own his own boat to go fishing with his dad.

Don's wish came true on Saturday, 19 May 2012 when he received his flash new SmartWave SW3500 Boat, trailer, oars, boarding ladder and accessories. Don also received a 1 year's subscription to the NZ Fishing News Magazine, a fishing starter tackle box filled with lots of hooks, line and all the bits n' pieces needed to start him off on his fishing adventures.
